**Ted Staunton**

I am honoured to have been asked to write a brief introduction to the 2010 Saltus Grammar School Yearbook, although I suspect it will be the least read section of this colourful and exciting digest of student activities. Yearbooks, after all, are primarily for the students and they instinctively flip to the pages that feature pictures of themselves! "The Martlet" is one of the best school yearbooks that I have encountered in my career. The crystal clear action shots of Saltus Staff and students engaged in school trips, dramatic performances, debating sporting and music activities portray the school accurately, a dynamic, exciting and enriching environment.

At the Opening Faculty and Staff meeting in late August 2009, I suggested that we adopt as a theme for the year, "Saltus Pride". There was considerable support for this theme from the Board of Trustees to teachers in all departments to members of the Saltus Association Parent Executive. It served to be an effective "rallying" cry for the entire Saltus community. It gave each and every man, woman and child connected to Saltus an opportunity to celebrate our proud traditions. The Saltus red & white colours were seen everywhere on "walks" and "runs" throughout the island for various charities and on our student athletes as they competed in a multitude of sports on and off the island.

Over the course of the school year, at assemblies and special events, I have mentioned that Saltus students are the best. The enthusiasm displayed by our youngest students at Cavendish during their Friday morning special assemblies, to the fabulous Upper Primary class presentations at their Wednesday assemblies, to the talent of our musicians at the 'Ag Show', Elbow Beach and Ruth Henderson Concerts, to the poise of our student actors and debaters, to the skill of our artists and to the maturity and commitment of our Prefects they are tough to beat!

I enjoyed every minute that I was in their talented presence and I look forward to more of the same next year. Many thanks to Fiona Murdoch, Peter LePage, Cynthia Barnes and Amanda Lohan for their hard work and dedication to making "The Martlet" such an outstanding publication.

# Interview with our new HeadMaster

By Calyx Tucker and Michael Grant

**Q:** What were your first impressions of Saltus and Bermuda?

Well, I had the benefit of travelling to the island on a number of occasions before. I was connected with other independent schools, so I knew the island quite well. I must say I didn't know Saltus all that well, but I drove up Woodlands Avenue for the first time on a bike and seeing the whole expanse of the buildings and the campus was extremely impressive. It looked Greco-Roman with the arches and I was extremely impressed.

**A:** I think the one feature that I have been so impressed with throughout the year is the friendliness of the students. The students are absolutely great, and I have 37 years of experience in other schools, so I can compare and I think the students here are the best I've ever come across.

**Q:** What was your biggest surprise?

**A:** My biggest surprise... probably the large cockroach behind the filing cabinet.

**Q:** Seriously, I guess the biggest surprise was how many students we actually have on a small area of land with the campus being quite small compared to the 10 acres at St. Andrew's College, my last school. There were only 562 students there are here there are about 1000 students. I think it was the closeness of everybody that was an adjustment that I had to go through with such a large number of students.

**Q:** What are your plans for the next school year?

**A:** Well, we've taken this year to review and assess almost everything and next year, we're quite excited about a number of things. One is that the secondary building will be renovated to the point where we're really proud of the ground floor, not just the second floor. We're really working hard to clean it up, trying to get things as neat, tidy, and improved as possible.

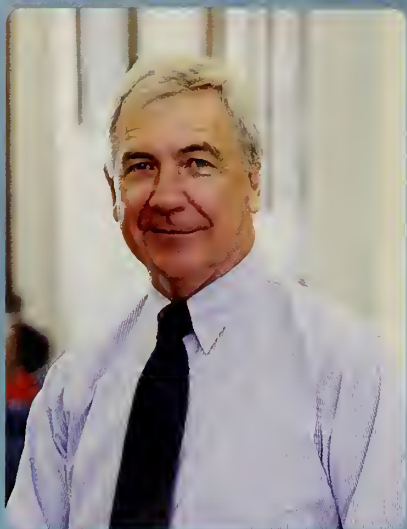

**Q:** Secondly, the middle and upper division. We're splitting secondary into two sections. The middle will really try to cater to the younger kids. There were transition problems from year 6 into years 7 and 8 and we were finding that the students were struggling academically, emotionally and socially. We are going to make sure that there is a very smooth transition from year 6 and upper primary to years 7, 8, and 9.

**Q:** Also, every student will have an advisor. One teacher will have about 9 or 10 students that they will be very close to. They will make a comment on the report cards and watch how they are doing on a weekly basis. There will be advisor-advisee meetings on Wednesdays during last period along with assemblies so that there will be a real effort to make sure no student falls through the cracks. We're excited about this and we hope that it all works out.

**Q:** Is there anything that you regret not getting around to during this past year?

**A:** It's been a bit of a whirlwind and even though I am an experienced headmaster, I have found it pretty hectic. We probably introduced too many things too quickly, but it was because the organization that came and accredited the school (CESI) left a 'shopping list' behind. I felt that we should tackle those issues. But I really don't have any regrets about not getting to things.

## HEAD PROJECTS

The first half of the school year came with many changes. From September to December numerous events took place in the Upper Primary Department. My year of being head girl began as a very exciting one with the appointment of the new headmaster to Saltus Grammar School, Mr. Ted Staunton. During the first term we continued our celebrations for Bermuda's 400th birthday with fantastic events including assemblies about Bermuda's history, and special guests.

The Upper Primary Department hosted their first International Dinner Night in October, which was very successful. Many parents contributed dishes from countries all around the world. There was an array of interesting appetizers, main courses and delicious desserts.

One event I will never forget is November 24, the day the Queen drove past our school. It was a great experience as most of us have never had the opportunity to see the Queen. All of the classes lined up on Woodlands Road and we waved our Bermuda flags and cheered as she drove by. This was the first time she had been back to the island since 1994 which was before I was born!

In December we had our annual production. This year it was 'Frawg' the Bermudian version of The Wind in the Willows. It was the first year the whole department was involved. Musical and dance numbers were performed by each class. It was a spectacular event!

As part of our community service we collected goods for needy families during the holiday season. The non perishable food items were donated to the West End, East End, Central Community Food Fair Campaign.

## PRIZE WINNERS

We concluded the year 2009, with a time capsule that would be buried at Saltus for future students to retrieve. There was a competition to decide the items that would be placed in the time capsule. The students decided on a newspaper, a picture of Hamilton, and a penny. It would be dug up in 10 years.

Being head girl has been a challenge for me as we had many responsibilities to carry out, but I was up for it. It has been a rewarding experience that I will never forget. It has been an honor being head girl of the Upper Primary Department. Thank you to all of my teachers and I wish my classmates all the best in the future.

To begin, on January 26th there was the inter-house cross country. In the P6 boys, Charlie Keyes and Lachlan Cash battled it out with Charlie coming out on top. In the P6 girls, Alice Branagan was the winner.

After, was the inter-school cross country. The boys won as well as the girls.

Next, was the Primary girls inter-school field hockey on the 23rd of February. The girls won all of their matches and were declared the overall winner. On the following day, the Primary boys inter-school field hockey was played. The A team won all of their matches and they were the overall winners. The boys B team waged a tough battle and won 1 game but lost 3 games. The boys' reds won all of their games to win.

On March 16th, the Primary Track & Field Zone qualifier was held.

Also, let's not forget St. Baldricks Day on March 19 when Mrs. Burgess and Lachlan Cash shaved their heads. That was a sight to see and all for a very good cause!

On the 25th was the primary Track & field finals. Also on this day was the easter activities.

In April, both the boys and the girls participated in the inter-school cricket matches and we also had our annual sports day.

As you can see, it was a very busy year in sports this year. However, we also managed to fit in a few other things into our busy schedules.

In May, the P6 students visited the Secondary department in preparation for our move next year. I think we were all very excited to learn of all the new things that we will have an opportunity to do when we move on to Secondary next year.

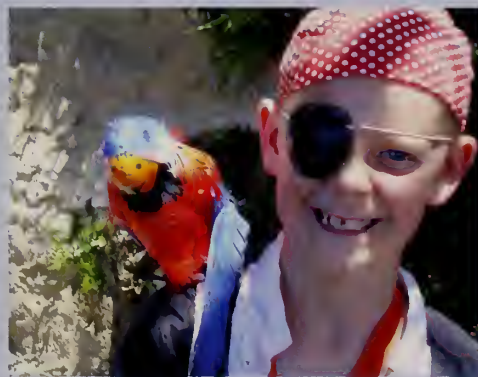

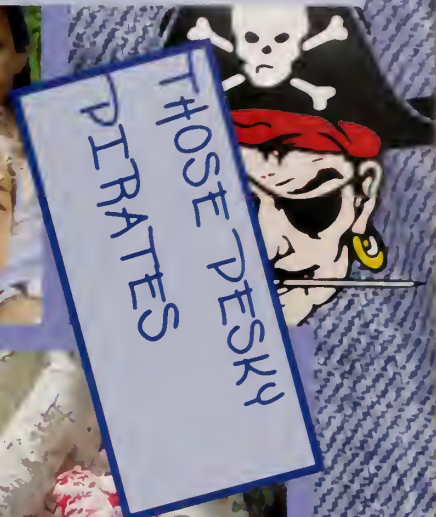

In June, after a busy week of SAT's, we got back to our sports again with the inter-house softball. Butterfield was the overall winner. We also had inter-school softball. The boys won all their games and were the overall winner of the tournament. Adam Hall hit 7 home runs and a grand slam, Hugh Masters hit one home run, and I hit 1 home run. We were also successful in the inter-school Co-Ed tournament as we won all of our games and were the overall winner. Savannah Loder was one of the better hitters getting out only once.

Finally, we had the annual swim gala, inter-house cricket and our annual class picnics.

On behalf of the Year 6 students, I would like to thank our teachers and all the staff at the school. Not just for this year, but for our whole time at Saltus, from the P1's through to now. I would also like to thank our parents for supporting us, and personally, I would like to thank my parents for helping me every step of the way.

Last year when my name was called as the new Head Boy, I was excited, happy and proud. In a few minutes, my year as Head Boy will be complete when I pass on the responsibility to the next student and I hope that they are as excited and proud as I was last year.

## MUSIC REPORT 2009-2010

It has been an interesting year for the music department. The various ensembles have performed throughout the year. Wind band has been a delightful addition to several assemblies in the Upper Primary Department. The S5&6 Choir and the 3&4 Choir were invited to perform on the steps of City Hall for the annual Tree Lighting Ceremony at City Hall near the end of November. However, due to poor weather the event was cancelled. The two choirs did make it the Bank of Butterfield's Banking hall to entertain bank customers. In the midst of all of this activity the whole school presented "Frawg," This Bermudian version of the Wind in the Willows was written and directed by Peter LePage. The show featured year 3's and 4's as pirates, tourists, bike riders and Indians. The Recorder Groups from year 3, 4, and 5 performed in assembly. The Wind Band participated in Carols for All. This has become a senior school event, but quite a few students from both the upper primary and senior departments play in Wind Band. This event was enjoyed by all.

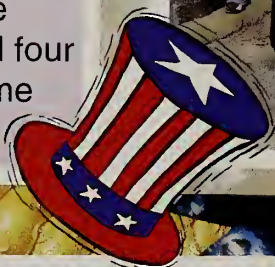

The Wind Band performed for the Open Airways Event in Victoria Park on April 27th. Many Upper Primary students play in this ensemble under the direction of Mrs. Maule. The Three Department Concert was once again a success. Due to poor weather the event which was scheduled for Thursday, May 27th ended up being held on Friday, May 28th and almost ended up being cancelled again. The Wind Band, S5&6 Choir, S3&4 Choir and the Orchestra represented the Upper Primary Department and despite windy conditions the various groups managed to perform very well.

The Year 5 Recorders played for the Prep. 2 visit to the Upper Primary Department. Upper Primary students sang "Thank You Parents" for the parent volunteers. The Junior Orchestra was kept busy until the last week as they did a great job playing for prize day. All of the year 6 students performed "Whenever You Remember" for prize day. The whole school performed "There You'll Be" as a tribute for the many teachers leaving the Upper Primary department. The whole school also performed a rousing rendition of the Canadian Olympic song "I Believe." Many of our students have taken music exams this year and obtained great marks. It has also been a pleasure to have many of our students performing in assembly. As usual it has been a busy year for the music department but definitely well worth the effort. With the continued support of the staff, parents and students a love for music will continue to flourish at the Upper Primary Department.

This year's Washington/Virginia trip for year 6 students was as successful as ever. We took a group of 39 students and 6 teachers to explore Washington D.C. and learn more about the historic bonds between Virginia and Bermuda. The students were an extremely well-behaved group of 19 girls and 20 boys who received many compliments during the trip for their good manners and behaviour. Their favourite part of the trip might be the brief visit to Wal-Mart but the living history museums in Yorktown, Jamestown and Williamsburg are really at the centre of the trip! With five nights away from home and four very busy days, the students returned home tired and happy.

## The Green Team UP

The Upper Primary Department's eco club has been busy this year with its main focus on Recycling. The club performed a short skit in assembly to remind students about the 3Rs – recycle, reuse and reduce and about what trash can be placed in the blue bins in the quad and on the field – only tin, aluminum and glass. No plastic! Many students were putting their empty plastic water bottles in the blue bags by mistake. By the end of the year, most students were recycling well.

Recycling egg cartons was started this year. Cartons from Windy Bank and Wadson's Farms can be brought to school and placed in specially labeled bins located in each department. These are then returned to the farms to be used again.

A splinter group of keen gardeners helped Mr. Allen with all the gardens in the quad. If you have a green thumb, look out for information about how you can help in September!

Students from the Upper and Lower Primary departments painted two trash cans which were used at the Annual Exhibition in April. These have now been returned to school and will be used in school next term.

Earth Day on April 22nd was celebrated at school with a green grub day. Classes made terrariums, magazine holders, bird feeders and some students made pledges to help the earth.

In Saturday, May 15th, many students took part in the KBB's spring clean-up clearing the trash from streets around the school. 60 black bags and 30 blue bags plus some bulky waste were cleared during the morning.

Next year we will be using washable plates for hot lunch so a new committee will be formed to help with this and other eco friendly initiatives.

The Queen's Visit

The Royal Visit  
In the class I was excited.  
And superbly fantastic.  
The next minute on the sidewalk standing.  
Then came the Queen.  
I got nervous.  
And felt very strange.  
When I saw her in the window.  
I felt different.  
I thought I might fall over.  
Then she was gone!

# SG Moving On

## Mr. Allen Moving On

Mr. Allen has been working at Saltus for seventeen years. He has been a homeroom teacher and our physical education teacher. Mr. Allen loves to come to school and attend to his fabulous gardens. We will have to find someone to fill his gardening shoes next year. Mr. Allen, we thank you for all the hard work and dedication you have given to the student in this department. We wish you a healthy and safe retirement.

Mrs. Barton how are we going to manage without you? You are far more to all of us students and staff members than just the school's secretary. You always greet students with a big smile on your face. We will miss you very much!

Mrs. Hillen, you have played an important role for many students in our department. We will miss your encouraging and helpful words. Please come back to visit us.

Miss. Murdoch you have not been with us this term, but we have missed you terribly. Thank for all the work you have done with the students. Good luck in the future.

Mrs. Wright you have been new to our department since Christmas. You have helped Mrs. Davis with art lessons and Ms. Squire with math lessons. It was great having an extra pair of hands in the classrooms. Good luck with whatever you do next year!

Miss. Hay we are sorry to say goodbye and wish you all the best in your next job. We will miss you so much!

We also have staff members Mrs. Oatley, Ms. Squire and Mrs. Sayers transferring departments. To these teachers, we wish you all the best!

To all the teachers that I have mentioned, I have one request, please keep us in your hearts and remember we will miss you!

Deputy Head Girl - Saeluhn Fray

There are many who help the school throughout the year; and the Upper Primary Department would like to thank you all. Due to the sharing of digital photography there are an increasing number of contributors to the pictures you see in this section and I would like to thank them for their expertise. Special thanks always to Cynthia Barnes for her archival material.

Year 11 students and 4 brave teachers decided to go to Toronto, Canada for the Shakespeare Festival. While they were only there for 5 days they managed to cram in 4 plays, The importance of being Earnest, West Side Story, Macbeth and Cyrano De Bergerac. They visited the scenic wonder, Niagara Falls, the Eaton Centre, and The Corn Maze. The highlight was not Tim Horton's, but the CN tower and magnificent views, while people also faced their fears and walked on the glass floor. It was described to be amazing, Fun, Enjoyable, Hilarious and Coolio.

## STUDENT Spotlight:

### Nahshon Hollis 15 yrs

**When did you realize that you had a knack for art?**

I started knowing that I was gifted at art when I was probably around 4 but my parents noticed it when I was like 2 or 3 when they started comparing my little crayon drawings or paintings and stuff like that with other children at nursery school.

**How long have you been doing art?**

When I was 3 I painted something on paper pretty much every day and all the pieces of paper eventually ended up into a huge pile and so my parents started buying me canvases and acrylics when I was 7 and I got into oils when I was 8.

**What was one of the first pieces you ever created?**

I did a lot of pieces when I was like 5 or 6 but one of my first acrylics on canvas was when I was 7. I used to do a lot of small paintings and drawings for people as gifts when I was in pre-school and primary school. When I tried oil painting for the first time when I was 8, I used to actually get mad and cry because I couldn't do what I had in mind on the canvas and my dad thought I was going to grow up and be one of those "out-of-control" artists but I kept practicing and learning and I eventually got better every day.

**What was the first piece that you ever sold?**

I sold my first piece when I was 9. The lady actually came to buy just one but then she ended up buying two of my oil paintings. One of them was about \$650 and the other was \$350. I've sold about 10-20 so far and I've given away about 10 paintings for various reasons. Now I'm just trying to sell prints I made from the original pieces.

**What inspires your various pieces?**

When I was still in my pull-ups and watching Sesame Street, I would get up or my mom would wake me up in the morning, so I could watch this cartoon/drawing show for little kids and I would copy out the cartoons. When I was 6 or 7, I got into Bob Ross's 2-hour oil painting shows and I would try to sketch the oil paintings he did on TV would try to paint it with my watercolors or my acrylics because that's all I had. It was when my mom started getting me my Bob Ross oil painting books, paint, brushes, canvases and stuff that when I was 8. Now I've kind of branched off into my own style though but I still get ideas and inspiration from artists like Michelangelo. I look at a lot of different artist and different types of art but about 90% of my artwork is from my imagination or inspired by a story but I still like painting real life studies.

**What advice do you have for young aspiring artists?**

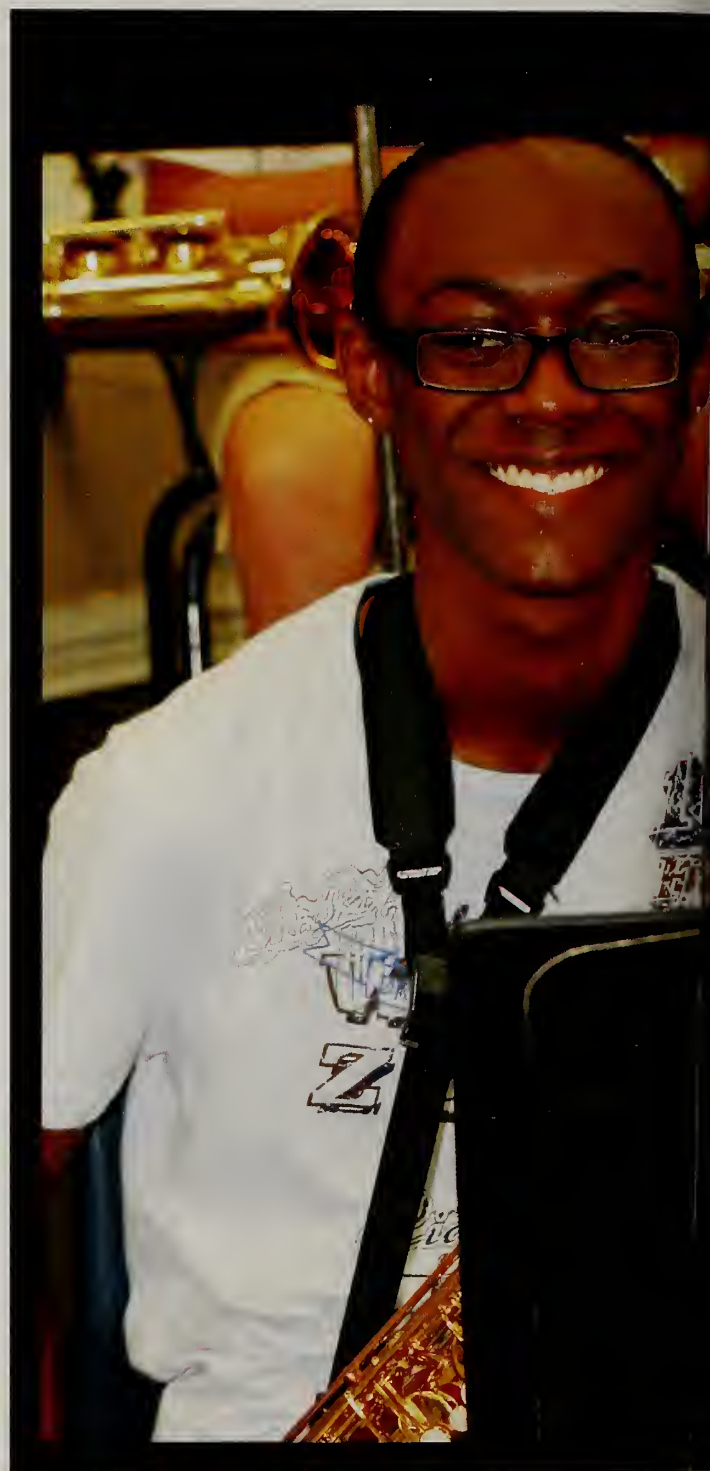

Don't ever let anyone discourage you from creating what's in your mind. Practice, be patient and put your heart and time into it and you'll learn fast from your mistakes after every piece.

*Some people create with words, or with music, or with a brush and paints. I like to make something beautiful when I run. *No, not the band, we're talking about the environment*

## Did you know?

The very first Earth Day was celebrated on April 22, 1970. This day was created by American Senator, Gaylord Nelson, to make people aware of the importance of keeping our planet healthy and clean. On that day, people made promises to help the environment and make positive changes in their community. Since then, more than 500 million people in over 180 countries have participated in Earth Day activities!

This year, Earth Day was on Thursday 22nd April and the Green Team encouraged all staff and students to take part in a whole school grub day by wearing something green.

This year, students were encouraged to start "going green" to lend a hand in staving off global warming. Students at Saltus realise that having pride in our school also means taking pride in the environment and with that in mind students were encouraged to bring trash free lunches and to keep Bermuda beautiful by recycling.

"Love is something that we cannot see, it is something we feel. It cannot be explained in words in our vocabulary. Love is capable in all of us, so open your eyes and look for it, because if you close your eyes, love will pass you by. Love may not be perfect but in the midst of it all you will come to learn more about yourself. So open your eyes and take a chance on love, I promise you it will be the best experience of your life."

## YEARBOOK STAFF

This year's theme was Saltus Pride. We have much to be proud of. Our students, staff and community care about one another and we strive to do our best. We have adapted to the many changes in our daily lives recently, and shown we are resilient. We will not be deterred from our goals and nothing will stand in our way.

This year's graduates were reminded that everything they do, more than ever, is under public scrutiny, so before they "put it out there" for the world to see, think how it will affect them and those around them. In our world of instant access, it's easy to forget to think twice and act once. May I take this opportunity to say good luck to the Class of 2010 - may you make all your dreams come true! And especially to my Yearbook staff who helped put this book together, I wish you success in everything you put your mind to. Brittany D, Taj P, Arjah R, Yukio S, Shelby S, Taryn S. - Thank you for your hard work! To Michael and Calyx, thank you for working during your summer and listening to me rant about deadlines!

It would be remiss of me if I did not thank my Editors for Upper Primary - Peter LePage, and Cavendish - Amanda Lohan, for their hard work and dedication as always (even on maternity leave!)

Once more, a big thank you to Cynthia Barnes, who always saves the day when we are missing a photo or need a story to fill. You are a star! Finally, I thank all of you, the students, for making this year memorable. If it was not for your actions, activities and accomplishments, this book could not exist. Continue to do all that you do and remember that one day when you look through these pages, this was your time, your lives, and your memories.

Yearbook Adviser
